# A Dialogue Concerning Oratory by Tacitus

Tacitus

Publius (Gaius/Caius) Cornelius Tacitus (c56-c117) was once a senator and a historian of the Roman Empire. The surviving parts of his significant works - the Annals and the Histories - research the reigns of the Roman Emperors Tiberius, Claudius, Nero and those who reigned within the yr of the 4 Emperors. those works span the historical past of the Roman Empire from the dying of Augustus in 14 advert to the demise of emperor Domitian in ninety six AD. There are major lacunae within the surviving texts. different works through Tacitus speak about A Dialogue Concerning Oratory oratory (Dialogus de Oratoribus), Germania (De Origine et Situ Germanorum), and biographical notes approximately his spouse's father Agricola, basically in the course of his crusade in Britannia (De Vita et Moribus Lulii Agricolae). Tacitus' historiographical type in his significant works is annalistic. An writer writing within the latter a part of the Silver Age of Latin literature, his paintings is individual through A Dialogue Concerning Oratory a boldness and sharpness of wit, A Dialogue Concerning Oratory and a compact and occasionally unconventional use of Latin.

Tacite est un auteur romain de los angeles fin du most efficient siècle de notre ère, j'ai appris dans los angeles préface qu'il aurait été élève de Quintilien, auteur très fameux pour son « establishment Oratoire ». Tacite est principalement connu pour ses ouvrages historiques reviews et grinçants, A Dialogue Concerning Oratory relatant les débuts de l'empire et les turpitudes des Césars. Il est aussi A Dialogue Concerning Oratory l'auteur d'un ouvrage precise décrivant l'Allemagne antique, los angeles Germanie. On lui attribuerait également ce petit discussion des Orateurs. Pour l. a. compagnie de romains lettrés présentée dans cette ouvrage, occupés à deviser paisiblement, il s'agit ici d'examiner le métier d'orateur, lequel avait été citadel en fashion sous l. a. république, et dont Cicéron avait été los angeles determine emblématique. On despatched poindre dans ce texte une grande nostalgie pour cette époque révolue, où tout semblait plus citadel et plus beau, et c'est naturellement que se pose los angeles query de comparer les « anciens » (c'est-à-dire pour eux, les hommes d'il y a moins d'un siècle), et les « modernes » (leurs contemporains). Le type a changé, c'est certain, mais s'est il dégradé pour autant ? l. a. controverse est vive ! Et puis quelle idée bien plaisante de considérer déjà comme « anciens » ces hommes qu'auraient pu connaître les plus âgés de leurs contemporains ; témoin ce Breton encore vivant, qui avait participé aux guerres contre l'invasion de son île par Jules César ? Mais enfin, c'était mieux avant : les orateurs étaient respectés et admirés. Ils apprenaient leur métier en se rendant au forum, et écoutaient avec délice les discours de leurs aînés : toute leur formation se faisait de manière vivante, et ils acquéraient ainsi une habileté étonnante. N'est-ce pas ainsi, comme le raconte Plutarque, que Cicéron lui-même conçut le désir de devenir Orateur, en assistant aux débats, aux plaidoiries, en écoutant les discours, en se flattant d'être lui-même propre à être écouté, et à émouvoir un vaste auditoire ? Nos romains déplorent par contraste l. a. state of affairs actuelle : au lieu de se former en se frottant au métier, les jeunes fréquentent des écoles, où leur goût et leur capacité se gâte et s'énerve. Les professeurs, obséquieux et complaisants, corrompent les élèves par des flatteries au lieu de A Dialogue Concerning Oratory les édifier : ces derniers deviennent donc hâbleurs, vains, prétentieux, et ainsi se perd l. a. verve antique. C'est aussi sur les

changements politiques qui sont mis en accusation : avec I. a. disparition de los angeles liberté, plus de harangues, plus de discours, plus de politique, plus de belles activités à accomplir grâce à los angeles parole, il ne sert plus à rien de convaincre, si ce n'est pour remporter des procès ou faire des exposés savants. Pour conclure, nos romains suggèrent finalement qu'il faut s'adapter aux circonstances, au lieu de les accuser : c'est aussi un bien d'avoir mis un terme aux guerres civiles, aux luttes sanglantes entre les factions, et s'il n'est plus attainable de gagner des lauriers et une gloire éternelle en se distinguant dans l'action par une verve affûtée, que l'on jouisse au moins des délices de los A Dialogue Concerning Oratory angeles paix, et que l'on consacre ce loisir aux activités qui lui conviennent.
