# After the Taliban: Nation-Building in Afghanistan

James Dobbins

In October 2001, the Bush management despatched Amb. James F. Dobbins, who had overseen nation-building efforts in Somalia, Haiti, Bosnia, and Kosovo, to war-torn Afghanistan to aid the Afghans gather a successor govt to the Taliban. From warlords to exiled royalty, from turbaned tribal chieftains to dependent émigré intellectuals, Ambassador Dobbins introduces various colourful Afghan figures competing for dominance within the new Afghanistan. His firsthand account of the post-9/11 American international relations additionally finds how collaboration inside of Bush's struggle cupboard started to holiday down virtually once significant wrestle in Afghanistan ceased. His insider's memoir recounts how the management reluctantly adjusted to its new position as nation-builder, refused to permit American squaddies to behavior peacekeeping operations, antagonistic dispatching foreign troops, and shortchanged Afghan reconstruction as its consciousness shifted to Iraq. In *After the Taliban*, Dobbins probes the connection among the Afghan and Iraqi ventures. He demonstrates how every one broken the other, with deceptively effortless luck in Afghanistan breeding overconfidence after which the latter draining crucial assets clear of the preliminary effort. Written via America's such a lot skilled diplomatic troubleshooter, this crucial new publication is for readers *After the Taliban: Nation-Building in Afghanistan* trying to find insights into how executive rather works, how international relations is absolutely conducted, and most crucial why the us has did not stabilize both Afghanistan or Iraq.

I needed to go back this publication to the library simply as I had time to begin entering into it. appeared to me like a superb creation to how our involvement in Afganistan evolved. nice for an individual drawn to the intricacies of diplomacy/nation building.
