# Black Dogs by Ian McEwan

Ian McEwan

Set in overdue Eighties Europe on the time of the autumn of the Berlin Wall, *Black Dogs* is the intimate tale of the crumbling Black Dogs of a marriage, as witnessed through an outsider. Jeremy is the son-in-law of Bernard and June Tremaine, whose union and estrangement all started nearly simultaneously. Trying to understand how their deep love will be defeated via ideological changes Bernard and June can't reconcile, Jeremy Black Dogs undertakes writing June's memoirs, simply to be led again many times to 1 terrifying encounter 40 years earlier--a second that, for June, was once as devastating and irreversible in its outcomes because the alterations sweeping Europe in Jeremy's personal time. In a finely crafted, compelling exam of evil and grace, Ian McEwan weaves the sinister truth of civilization's darkest moods--its black dogs--with the tensions that either create love and break it.

Attraverso l'inconciliabile conflitto ideologico che distrugge l'unione ma non il reciproco amore di Bernard e June Tremaine, l'autore mette in campo l'eterna dicotomia tra fede e ragione, tra vita attiva e vita contemplativa, tra materialismo e spiritualità. Il romanzo è molto intenso e si presta a chiavi di lettura varie e personalizzate. A tratti appare un po' artificioso nell'espedito di collegare alle vicende personali dei protagonisti il maggior numero possibile di eventi storici; a tratti, forse, anche un po' freddo, nella messa in scena di personaggi stilizzati, più icone idealizzate dalla memoria che persone suscettibili delle evoluzioni proprie della vita reale; tuttavia sono innegabili il valore suggestivo e il pregio letterario di certe pagine, da includere a mio avviso tra le più belle che siano mai state scritte. In particolare l'esordio del libro, in cui Jeremy, il narratore, ritrae l. a. sua solitaria adolescenza di orfano in cerca di supplire al vuoto lasciato dai propri genitori con l. a. Black Dogs frequentazione dei genitori altrui; o i passaggi in cui rievoca il legame con l. a. nipotina Sally, sola come e più di lui in quanto vittima di una violenza familiare strisciante e segreta; o l'incontro con Jenny Tremaine, divenuta sua moglie e madre dei suoi figli, che paradossalmente, con quei genitori separati e in guerra tra loro, gli offre anche il conforto dell'unione familiare che aveva sempre desiderato. Magnifico natural il capitolo finale, nel quale si ricompono il quadro fino a quel punto soltanto abbozzato consistent with stralci di ricordi spesso discordanti tra loro e si tirano le fila degli eventi esplicativi. Qui Los Angeles grandiosa immagine dei Cani Neri esplose e dilaga nella nostra mente in tutta Los Angeles sua oscena imponenza, seminandovi sgomento e interrogativi inquietanti. Qual è dunque l. a. strada da scegliere "tra l. a. ragione e l. a. spiritualità, tra Los Angeles politica e lo yoga, tra chi è convinto e chi si astiene, tra Los Angeles scienza e l'intuizione"? Jeremy dichiara di non riconoscersi in nessuna delle due posizioni o, meglio, di riconoscere le ragioni di entrambe, senza tuttavia riuscire a schierarsi totalmente né in keeping with l'una, né in keeping with l'altra. Tuttavia, il terrificante incontro con i "cani neri" nella vicenda particolare di June, ma anche, in senso simbolico, nell'esistenza di ciascun essere umano e nella Storia, indica chiaramente l'esistenza del Male, della crudeltà, della violenza, della depravazione e dell'odio. Ognuno di noi si porta dentro questo orribile potenziale, che nessuna teoria sociale è in grado di spiegare. Perciò è solo operando su se stesso al high quality di moderare e spegnere questo impulso con l. a. forza dell'amore che l'essere umano potrà sperare di garantirsi l. a. felicità e Los Angeles speed con gli altri. Soltanto sperare, non

averne los angeles certezza. Black Dogs Ma è ai cani neri che ritorno con maggiore frequenza. Mi turba il pensiero che devo loro tanta felicità, soprattutto se mi lascio andare a considerarli non come semplici animali, ma come bestie allegoriche, incarnazioni dello spirito. June mi diceva che according to tutta l. a. vita, ogni tanto tornava a vederli: l. a. loro immagine si depositava sulla sua retina nella breve vertigine che precede il sonno. Corrono lungo il sentiero della Gorge de Vis, e il più grosso dei due lascia una scia di sangue sulle pietre bianche. Attraversano l. a. linea d'ombra Black Dogs e sprofondano in una tenebra mai raggiunta dal sole [...] Poi, quando il sonno ha los angeles meglio, si allontanano, come macchie nere sul grigio dell'alba, e svaniscono procedendo verso l. a. montagna dalla quale ritorneranno a tormentarci in qualche angolo d'Europa, chissà quale, chissà quando.
