these fiery Bindi Babes are again – and a person harder than their auntie has moved in too! Geena, Amber and Jazz throw a Bollywood social gathering to elevate cash for his or her school. They plan to carry a true Bollywood actress Bollywood Babes (Bindi Babes #2) for a concert yet their famous person seems to extra of a handful than they ever expected! From the alternate Paperback edition.

I had excessive hopes for this publication simply because i am serious about Bollywood and it appeared like a Bollywood Babes (Bindi Babes #2) truly enjoyable premise. Unfortunately, the characters did not look very real, now not a lot intensity to anyone, and there wasn't whatever a lot at stake. They skipped via time so quick and that i did not get a feeling of whatever "big" at the line. i used to be form of disenchanted there wasn't extra to the story. i am left questioned by means of the swap in "Dad," I nonetheless am uncertain if the 3 major characters are literally sisters (since it by no means stated so), and it saved concerning a few prior significant existence occasions like they would be in a prior publication together, yet i do not understand which book, if so. in the event that they have been in a prior book, i feel it may have indexed it at the within cover. i assumed this used to be a stand-alone novel however it did not act like one. One of the main tense issues approximately this book, which stored pulling me out of the story, was once the entire phrases used for discussion tags... "snorted," "blustered," "moaned," "asked assertively," "said lyrically," "smirked," "croaked," "groaned"...to identify only a few.
