DANNY GOLDBERG

Bumping Into Geniuses: My Life Inside the Rock and Roll Business

Danny Goldberg

an enormous of the tune promises an all-access move to the realm of rock and roll, with enthralling tales of thirtyOfive years Bumping Into Geniuses: My Life Inside the Rock and Roll Business spent operating with legends Danny Goldberg has been a highly influential determine on Bumping Into Geniuses: My Life Inside the Rock and Roll Business the earth of rock and roll. He did PR for Led Zeppelin; he controlled the occupation of Nirvana; he ran Atlantic, Mercury, and Warner Brothers; he introduced Stevie Nick?s solo career. In Bumping into Geniuses, Bumping Into Geniuses: My Life Inside the Rock and Roll Business Goldberg can provide an all-access move to the area of rock and roll, with spell binding tales of 40 years spent operating with legends, together with Patti Smith, Warren Zevon, Bruce Springsteen, Kiss, Kurt Cobain and Nirvana, Hole, Stevie Nicks, Bonnie Raitt, the Eagles, Susan Blond, Michael Des Barres, Steve Earle, Led Zeppelin, and more. yet there?s extra to this tale than simply Goldberg?s diversified career. It?s additionally a glance on the itself: a enterprise that used to be complicated and chaotic Bumping Into Geniuses: My Life Inside the Rock and Roll Business ? a mix of paintings and commerce, idealism and selfishness ? and sometimes, rock?s so much proficient and influential musicians have been capable of go beyond it all.

enticing book, notwithstanding maybe too guarded at times. "Bumping Into Geniuses" is written through an individual who in actual fact has a vested curiosity in last within the tune business...so you wont locate any bombshells here. That said, track veteran/author Danny Goldberg nonetheless manages to inform a few fascinating tales from his 40-plus 12 months profession within the song biz."Bumping Into Geniuses" shines whilst Goldman discusses the private care he took with sure artists, and projects. His paintings with Stevie Nicks is a truly attention-grabbing story of ups and downs facing numerous personalities conflicts (the "Stand Back" video tale is a enjoyable read). I additionally quite loved Goldberg's precise and heartfelt bankruptcy approximately his paintings with the overdue Warren Zevon...and what into making the final album of Zevon's Bumping Into Geniuses: My Life Inside the Rock and Roll Business too brief life. so much Goldberg's Zeppelin tales (as their PR guy, and later vice president in their Swan track list label) have been stories i have heard approximately it elsewhere, so i Bumping Into Geniuses: My Life Inside the Rock and Roll Business used to be left in need of for more. I additionally acquired the experience that he had forgotten approximately a lot of it, or used to be easily protecting again for worry of 1 factor or another.Goldberg is extra expressive in the course of his bankruptcy on Kurt Cobain and Nirvana. His tales approximately Nirvana's upward Bumping Into Geniuses: My Life Inside the Rock and Roll Business push (and what occurred to Kurt Cobain) are very engaging, and revealing. My favourite story was once in regards to the Portland exhibit Nirvana played no longer lengthy after Cobain and Courtney Love war of words Bumping Into Geniuses: My Life Inside the Rock and Roll Business with Axl Rose behind the curtain at an MTV awards show...where Cobain interacts with a fan who desires to love either Nirvana AND weapons N' Roses...and informs him and the viewers that you can still now not love the violence and misogyny that Axl Rose represents and now have an knowing of Nirvana's music. it is a tale I had by no means heard before, and evokes one to like

Kurt Cobain much more than before. Danny Goldberg's "Bumping Into Geniuses..." arguably could have fared greater had it been longer, long gone into extra depth, and permit cross of its particularly self-conscious demeanour within the approach it dealt with its tales and subjects...yet regardless of its weaknesses, it nonetheless used to be an engaging and interesting read, and supplied a few interesting perception to the colourful global of musicians and the tune industry...

Bumping Into Geniuses My Life Inside The Rock And Roll Business

Extraordinary people and option you can cut at their copy? Not from it offer for right getting your structure generation to agree the element?
