A turn throughout the newspaper or a look on the night information finds a global within which previous methods are demise and new worlds are beginning, frequently in the middle of violence and chaos. within the face of those huge alterations and disruptions, many folks are wondering their roles as individuals: Why am I here? what's my purpose? In usual Strangers, Gotham Chopra travels from China, Sri Lanka, and Kashmir to Chechnya and the Yucatán looking for solutions to those age-old religious questions. all over the place he goes, he encounters those who have needed to dig inside of themselves to outlive terrible realities and endure heart-wrenching losses. From his manhattan to I. a. flight on September 11, 2001 to a harrowing week spent between younger boys toting weapons within the contested hills of Kashmir and a sojourn in a small Yucatán village the place he witnesses firsthand the collision among the romance of the previous and the doubtful promise of the future, Chopra stocks the wisdom, idealism, and feel of objective he present in traditional humans dwelling less than impressive circumstances. wealthy in drama and insights into cultures a long way diverse from our own, the tales Chopra recounts articulate, as well, anxieties and fears all of us share. whereas acknowledging that his travels usually take him to the extraordinary edges of civilized society, Chopra indicates that the questions that come up in occasions of peril or within the face of serious risks will not be so varied from what many people ask during our day-by-day lives—whether after a grueling eighty-hour paintings week, a six-hour exam, or a fiery argument with a lover. The challenge, he argues, is to exploit those moments of revelation because the first step in relocating past self-imposed fears and boundaries and embracing new possibilities for non secular growth.
