# I'll Take You There: Pop Music and the Urge for Transcendence

Bill Friskics-Warren

The urge to connect to that which transcends I'll Take You There: Pop Music and the Urge for Transcendence our experience, be it the next power, someone else or a few inventive perfect or point of nature, is among the issues that makes us human. humans view the article of this quest, in addition to what it potential to accomplish it, differently. but despite the way it is understood, the urge to take part in or belong to whatever higher and extra lasting than ourselves-a feeling born of an expertise of our mortality-is what defines us as non secular beings. Though usually disregarded as ephemeral or, worse, demonic, well known I'll Take You There: Pop Music and the Urge for Transcendence track has given voice to this quest for transcendence when you consider that its beginnings. Pop I'll Take You There: Pop Music and the Urge for Transcendence singers are infrequently as outwardly religious as, say, their gospel counterparts; they are endlessly pointing past themselves, though, be it to a few larger future, a few larger ideal, or to a few imaginative and prescient of deliverance. Fontella Bass's "Rescue Me," the 4 Tops's "Reach Out (I'll Be There)," Jimmy Cliff's "Many Rivers to Cross," Afrika Bambaataa's "Looking for definitely the right Beat," and U2's "I nonetheless have not stumbled on What i am having a look For" are yet a handful of renowned recordings from the earlier few a long time that categorical a eager for anything more. What, except transcendence, is Jimi Hendrix speaking approximately in "Purple Haze" whilst he shouts, "'scuse me, whereas I kiss the sky"? Or Van Morrison, in "Caravan," while he implores us to crank our radios and sail away with him into the mystic? Heard within the correct light, secular or even carnal documents have the ability to talk to transcendental concerns, galvanizing their old and cultural moments. Regardless in their non secular leanings, all the topics mentioned during this booklet (including Public Enemy, Madonna, Sleater-Kinney, Tricky, Johnny Cash, 9 Inch Nails, Moby, Marvin Gaye, Eminem, Polly Harvey, Bruce Springsteen and Sly & the relations Stone) make track that expresses a uncomplicated striving for transcendence. Artists' tales and personalities tell those discussions, yet in simple terms in up to they light up the struggles and matters that run via their music. i'm going to Take You there's a fantastically written, wide-ranging and illuminating exam of a few of the main powerful renowned song ever recorded.

This ebook has a superb valuable theme: the connection among rock 'n' roll and transcendence. How is it secular shape reminiscent of rock so usually lands up expressing a craving for whatever bigger? It additionally has a very good title, taken from an exceptional Staple Singers track of the 1970's. i used to be so able to love this book. however it did not come off in addition to it could have. The devil, it seems, was once within the details, because the writer plodded in a slightly uninspired model via a variety of nice artists, a lot of my favs (such as Madonna, PJ Harvey, Bikini Kill, Sleater-Kinney and Le Tigre). within the end, I had a troublesome time making my manner during the book. regardless of that, there's a lot of excellent info here, so die-hard enthusiasts and rock readers should still be interested.

## I LI Take You There Pop Music And The Urge For Transcendence
