Lignes by Ry? Murakami

Ry? Murakami

Que deviennent les hommes lorsque leur propre humanité a fini par désertier ? Victimes d'une solitude extrême, en proie à leurs pulsions violentes, les passants qui hantent Lignes s'entrecroisent, sans que leurs destins s'en trouvent modifiés ou enrichis. Tout au plus pourra-t-on remarquer une cicatrice de plus, un espoir déçu supplémentaire. L. a. désincarnation est telle que Ryû Murakami rend les anges compassion presque very unlikely et bien que l'on soit assailli par l. a. froide vacuité de ses personnages, l. a. sympathie à leur égard n'est pas selected évidente. L'exposé n'en est que plus magistral, les anges stérilité du monde ici dépeint contamine les anges lecture, hésitant entre vertige et nausée. Lignes est un roman perturbant, véhicule les anges violence machinale qu'il met en scène n'a ni vocation spectaculaire, ni visée moraliste. Aucune provocation de les anges half de l'auteur, dont l. a. finesse et l. a. fluidité narrative laissent s'écouler de les anges façon les anges plus naturelle attainable cette Lignes nuit ordinaire à Tokyo. --Lenaïc Gravis & Jocelyn Blériot

fascinating text with text: each bankruptcy is ready one other hero who speaks with Lignes another individual and subsequent bankruptcy is tale of this one who speaks with one other person... And what they suspect approximately one other humans it truly is more often than not mistake. Some tales are interesting. I loved such a lot this approximately younger guy from sturdy kinfolk named Kaoru :o) who suffers anorexia as lady and he's fascinating for homosexual men, yet Lignes Lignes he's so narcissist that he can't like purely himself :o). yet in nearly each tale is especially violence, cruelty and emptiness. I hated so much the tale the place sooner than tortured lady kills puppy mouse of bad blameless outdated guy who attempts to assist this girl. Why? simply because she suffers, too. this is often her "revenge on merciless world" - and one blameless mice dies simply because it... there isn't any love in those stories, for no one, simply intercourse with out love and suffering, frequently fysical, yet allways psychological one. Lignes (And a few lesbian relationships, too - none homosexual ones.)When i ended analyzing of this book, I ask myself what which means has this book. approximately vacancy and cruelty in smooth jap society? Or approximately vacancy and cruelty in Murakami Ryu's life? I don't like this book. fascinating form, yet none that means for me.
