Don't get me unsuitable Nights in Black leather-based isn't really all approximately sex. there's a few very humorous moments among Adam and Lara. Adam is actually a sexy, obdurate dominating hero that i actually loved examining about. Lara is definitely matched for him. She is obdurate at times, and that i desired to shake her and scream "wake up woman" once or twice during the book, yet I loved the best way their courting blossomed and their chemistry they've got for each other sizzle!
