Social and Personal Identity: Understanding Yourself

Derek Layder

how will you comprehend yourself? the place do your views, attitudes and values come from and why do they change? This available and illuminating ebook offers a competent advisor to those questions. The book: . Demonstrates that non-public identification is shaped around basic wishes for safety and conceit and the personal desires that stream from them. indicates the position of the feelings in own life. Explores the bounds of methods that deny the existence of 'individuals' and 'personal experience'. Demonstrates how we construct on daily difficulties and dilemmas of existence to form our moods, attitudes and feelings. Shrewd and compelling, the e-book should be of curiosity to someone learning Social Psychology and Sociology.
