The Cow-Tail Switch and Other West African Stories

Harold Courlander

The tales of West Africa are approximately males and animals, approximately kings, warriors, and hunters. They inform approximately shrewd permanent humans and silly people, approximately reliable ones and undesirable ones, approximately how issues and animals received to be how they are. A few tales during this booklet will make you think. The Cow-Tail Switch and Other West African Stories will make you laugh. They all are retold with folks spirit jam-packed with generosity and vitality. Madye Lee Chastain illustrated this book. It's here in simple terms ebook nonetheless in print.

This used to be an exciting locate from the thrift shop, however it did not fulfill me the way in which King's Drum and different African tales did. The Anansi tales have been the sort within which the trickster The Cow-Tail Switch and Other West African Stories will get tricked, and total too a number of the tales have been approximately humans being foolish, and rather than studying whatever wise, they only have been shamed into figuring out they have been foolish. The version I learn is a contemporary one, however the e-book used to be initially released in 1947, and was once provided the Newbery honor for that year. It does, however, comprise a few assertions that generalize approximately African humans in a fashion that's offensive now. The K-word additionally appears.
