# The Debauched Hospodar by Guillaume Apollinaire

Guillaume Apollinaire

The Debauched Hospodar is the story of Prince Vibescu, Romanian decadent, who travels 'round with Culculine and Alexine, indulging in lots of adventures, each one extra very unlikely than the last.

Classificado de romance “erótico” pontuado de humor, obscenidade e até erudição, é referenciado como “uma obra-prima”, por Pablo Picasso. De referir que Apollinaire e Picasso deveriam ser grandes amigos, posto The Debauched Hospodar que juntos levaram a cabo o roubo da Mona Lisa, em 1911. Apollinaire foi preso pelo suposto roubo. Estes pormenores da vida do autor são interessantes, mas nada nos prepara para o livro que intitulou de “As onze mil vergas”. Por muito dúbio que o título seja, diria com grande segurança que estas “vergas” não são as óbvias, mas sim as que aplicam “vergadas”. O livro, de 1907, narra a história do príncipe romeno Mony Vibescu que, por questões pessoais, deixa Bucareste e viaja para Paris. A carta de despedida que dirige ao vice-cônsul com quem se encontrava amiúde ajuda a explicar esse ensejo por sair da Roménia: “Meu caro Bandi: Estou farto de ser enrabado por ti. Estou farto das mulheres de Bucareste (...)” Por esta altura estamos na página thirteen do livro e já nos deparámos com duas orgias. É assim que se desenrola o livro, todos os The Debauched Hospodar acontecimentos entre uma orgia e outra são meros preparativos para a próxima. Sexo em grupo é o que mais The Debauched Hospodar vemos no livro. As personagens só servem para se enrolar e trazer um amigo para o próximo encontro amoroso. Temos Cuculina e Alexina Come-Tudo, parisienses que se hão-de cruzar com as personagens noutras paragens. As duas amantes admitem o príncipe e o seu fiel escudeiro, Corno de Boi, na sua alcova. Há a prostituta japonesa, a polaca esposa de um general, a pobre alemã que está a amamentar, o cossaco, e tantos outros personagens que surgem em rol para se envolverem sexualmente com Mony e Corno de Boi, alguns deles vendo-se assassinados no ultimate do interlúdio amoroso. A sinopse do livro avisa os mais púdicos e os de estômago sensível: há orgias, masoquismo, sadismo, escatofilia (fui ver ao google o que era) e necrofilia. Esqueceram-se de mencionar zoofilia e pedofilia, mas num livro destes, em que as chibatadas se seguem na alvura das nádegas das francesas, e em que se continua a investir sobre o corpo da mulher já expirada, não period necessário mencionar-se que todos os limites seriam ultrapassados. Duvido que, em toda a minha vida, The Debauched Hospodar venha a ler algo mais nojento do que isto. Mas The Debauched Hospodar a verdade é que, depois de tanta perversão e envolvimento doentio, por se tornar repetitivo, o livro deixa de chocar. Nem quando um pai viola o filho, ou outro pai viola a filha de quatro meses, nem quando a mãe amamenta o príncipe em vez da filha... Já tudo esperamos e já nada nos contorce o estômago, após as reviravoltas iniciais. Não fui ter com o livro, não é de todo o meu género. Caiu-me no colo e dei-lhe uma oportunidade, mesmo porque period pequeno e tão deslocado de tudo que tive de lê-lo. Por vezes me perguntei se o livro period uma obra humorística, porque tanto absurdo só poderia resvalar para uma de duas coisas: humor ou tremenda incapacidade de expressão. Sucede que, nas últimas trinta páginas, o autor me surpreendeu um pouco. Não devido a mais cenas de promiscuidade, mas sim devido ao modo como a história (atenção: só é “história” no contexto deste livro, tão estéril) se alinha. As onze mil vergas abatem-se sobre o lombo do

---

príncipe, que não cumpriu a promessa de fornicar vinte vezes seguidas. Depois de tanta crueldade, é Vibescu a vítima do sadismo de outrem, e o exército Japonês, em plena guerra com os Russos, põe assim fim a um livro que, de tão nojento e agonizante, me soltou francas risadas. Não é para qualquer um, e não é livro em que jamais volte a pegar. Porém, nunca me conseguirei esquecer deste pedaço de loucura literária. 1,8-----20/03/2015-----Vou na página 20. Tive esperança que o livro tivesse The Debauched Hospodar um fundo de "valor". Isto é, que o autor primasse por entre a imundície da escatofilia, pedofilia, sodomia, necrofilia, etc., etc. Mas o autor está a provar-se um idiota. O livro não está mal escrito, mas é absolutamente obtuso. Até à página 20 já houveram duas cenas de sexo, ambas orgias. A primeira entre um cônsul, o príncipe e três prostitutas, a segunda entre uma francesa, a amiga, o príncipe, o polícia e o cocheiro. O livro é mais ou menos assim: "O príncipe entrou na casa da francesa. Tirou para fora o seu enorme mangalho e enrabou-a. Depois a amiga dela lambeu (...), entretanto chegou o cocheiro a perguntar se se iam demorar muito e, vendo o rabinho rosado do príncipe, enrabou-o (...). Depois o polícia quis saber o que vazia um carro sem cocheiro parado em frente ao prédio e, como a porta estava aberta, entrou. A amiga que não tinha ninguém a enrabá-la pediu se ele poderia fazer-lhe o jeito e ele fê-lo com prazer". Já estou farta da descrição da cor, densidade e localização de pêlos, das "enormes tetas", das tonalidades da pele das The Debauched Hospodar mulheres e dos mangalhos (sim, é mesmo assim que está traduzido), bem como da palavra "langonha". Não tem ponta por onde se pegue.
