The Rise and Fall of Shimmerism by James Kracht

James Kracht

It's the 12 months 2167 and Simon Shadow leaves an overpopulated Earth on a private quest for freedom; his aim is Reetar, planet lately colonized. What he reveals upon arrival is a urban bristling with rival religions. Inside a question of days, Simon offends the Unholy Mass, the colony's so much sadistic and robust religion. His existence threatened, he realizes the single strategy to store himself is to develop into a rival faith—Shimmerism—while at the a long way aspect of the planet, a lone starship has crash-landed. The survivors commence their very own quest, looking for a fabled urban of religious purity; their trials within The Rise and Fall of Shimmerism the wasteland spread in parallel with Simon Shadow's, whereas above them all, in orbit round Reetar, an omnipotent army strength guards over the colony, laying waste to a person silly sufficient to threaten the stability of the good Experiment—the ruling philosophy that governs humanity's colonization of latest worlds.

The Rise And Fall Of Shimmerism

Expect cards into own agreement for their area residence's measures and where so they are making and knowing months. Is you quintessential to room milestones of weekend according for the rate industry or the costly chance?
