The Secret Books of the Bogomils

Possible Connections Between Two
Medieval Texts In A South Slavic Context

The Secret Books of the Bogomils by Milena Varzonovtseva

Milena Varzonovtseva

This booklet explores the commonly assumed, yet not often investigated connection among medieval documents: the eschatological pseudepigraphon - 2 Enoch and the most textual content of the Bogomils - their mystery Book. The 1st bankruptcy offers the debatable textual heritage of two Enoch: all of the attainable theories, attached to its dating, position of writing and provenance and the theories which hyperlink it to the Bogomil movement. The second one bankruptcy is positioned round the attainable origins of the Bogomilism, the presence of Bogomils within the context of the 1st Bulgarian country and the essence in their dualist beliefs. The 3rd bankruptcy inspects the texts of two Enoch and the key Book. The monograph makes an attempt to teach how the figures of devil and the prophet Enoch, the tale of the fallen angels, the production of the realm and different information of two Enoch could have been used by The Secret Books of the Bogomils the Bogomils of their mystery booklet and opens a sequence of recent inquiries to ensure or disprove earlier theories. It truly is to serve all audiences drawn to a concise yet very informative examine of the mysterious writings of medieval heresy.
